

PROMASTAR Delivers Oracle Accelerate Solution for Midsize Engineering & Construction Companies Based on Oracle's Primavera P6 Enterprise Project Portfolio Management

UAE, April 30, 2012 – PROMASTAR, an Oracle Accelerate solution provider and a Platinum level member of Oracle PartnerNetwork (OPN) today announced Oracle Accelerate Project Portfolio Management Solution, an Oracle Accelerate solution for the Engineering and Construction industry.

Based on Oracle's Primavera P6 Enterprise Project Portfolio Management (EPPM), the solution is designed to provide customers with:

- a. World-class, robust web end-user interface for real-time project planning, scheduling and controls;
- b. Formal, certified training instructor-led courses on project management fundamentals, portfolio analysis and application administration;
- c. Fast-track implementation approach to rapidly go live in as short as four weeks.

PROMASTAR's Oracle Accelerate solution for midsize companies is based on Primavera P6 Enterprise EPPM as the core application.

"Oracle Accelerate solutions combine our world-class applications with business accelerators and knowledgeable partners to deliver complete, industry focused solutions that are affordable for midsize organizations," said Steve Cox, VP Oracle Accelerate Global Programs. "The industry expertise and reach provided by our Oracle PartnerNetwork members is critical for companies looking to own specially tailored solutions for their industries."
